0 of 0 review helpful Just Ok By Tasha I felt like I overpaid for this book It just dragged on The girl was only 22 and ready to settle down Her family were setting her up on blind date after blind date When I saw it was part of a series I shouldn t have bought it The book has to be really good for me not to care about it being a series I m just not into books where family members and friends are constantly in the Getting stood up on a blind date was the best thing that could happen to police officer Max Decker No small talk No personal questions No lies And no pretending he s ready to give his heart to anyone Anyone like vulnerable Brianna McKaslin who was stood up in the same restaurant The lovely kind Christian woman is everything the embittered cop used to dream about in a bride And Max can t be the one who lets her get away
