By Michael O'Brien : Plague Journal (Children of the Last Days) plague comprehensive overview covers symptoms treatment of this extremely rare article published in canadian bulletin of medical history 13 1996 277 314

Plague Journal (Children of the Last Days):

3 of 3 review helpful Watchman on the Wall By Borrowed Blue This is the second book of a trilogy within O'Brien's Children of the Last Days series and possibly the shortest novel of any of his novels It may be helpful to read Strangers and Sojourners the first of the trilogy first but I didn't After Plague Journals I went on to read Eclipse in the Sun which is an important sequel and a page turner O'Brien's Plague Journal is Michael O'Brien's third novel in the Children of the Last Days series The central character is Nathaniel Delaney the editor of a small town newspaper who is about to face the greatest crisis of his life As the novel begins ominous events are taking place throughout North America but little of it surfaces before the public eye Set in the not too distant future the story describes a nation that is quietly shifting from a democratic f Why couldn't I put this book down Its characters are unforgettable its author makes simple goodness winsome even heroic and its social indictment is as important as that of Brave New World Peter Kreeft Author Back to Virtue
