Luminosity: White Road Chronicles - Book Two:

1 of 1 review helpful Good story frustrating read By Della S Loredo Throughout the first book of this series Illuminated I told myself I wouldn't read any more books in the series or even by this author The editing was so frustratingly atrocious that I couldn't see subjecting myself to more Yet I did Why I simply became so interested in the characters and the story that I had to keep going That's how good the story Alburnium is at war Eighteen year old Alyra's joy of being reunited with her family fades when Prince Issah sends her beloved friends away on various quests across the kingdom Allies must be gathered to stand against the dark ruler Lord Darnel About the Author Jackie Castle looks for the extraordinary in every ordinary day that she experiences She is the author of The White Road Chronicles a fantasy series The Sentinel Archives for school age readers and newly released Madison Creek Bed Breakfast
