By Douglas Hirt : Flight to Eden (Cradleland Chronicles) Flight to Eden (Cradleland Chronicles):

6 of 6 review helpful half Bible half Avatar great read By R Cook I found this book fascinating It is fiction but where it includes things from the Bible they are portrayed with attention to accuracy This book depicts the conditions prior to the great flood in Genesis 6 The deterioration in society is well described and probably not far off the mark since God chose to give up on his creation and schedule a do o Civilization is advancing rapidly the world population burgeoning Satan has caused the fall of man and now wants complete control of earth His chief problem is the annoying line of humans descended from Seth They insist on honoring the Creator His other problem is the prophecy spoken in the Garden of Eden There s a Redeemer coming who has the power to crush his head and ultimately defeat him Satan is determined to stop this from happening Knowin About the Author Douglas Hirt is the author of 29 novels a book of non fiction as well as a writer of short stories He won the 1991 Top Hand award and has been nominated twice for the Western Writers of America s Spur Award Doug makes his home in
