By Peter Senese, Robert Geis : Cloning Christ a lower level university paper discussing both sides of the ethics of human cloning a single religion or a single point of view on religious topics or a single point of view on controversial social problems Cloning Christ:

The theological thrill ride darting from Israel through Europe to the United States focuses on Dr Max Train a leading genetic scientist from Syracuse New York Max was once a devout believer in God but now lives a faithless life following the brutal slaying of his beloved wife and four year old autistic daughter twelve years ago In many ways Max exemplifies humanity s difficulties we all face at one time or another to hold onto our faith in G
