0 of 0 review helpful Five Stars By Julie Robinson Great story line 0 of 0 review helpful One of my favorites of this series By Lauren I loved this book The main character Meredith was very relatable There were some particularly

funny parts in this book that had me laughing until I was almost crying This is one of my favorites of the Glenbrooke Series for sure Meredith's job takes her to Glenbrooke where she meets the only man who has ever made her heart leap Jacob Wilde Trouble is after their first few encounters his heart doesn't seem to be leaping toward hers When Jacob approaches a large publishing house with a series of books he's written he discovers that Meredith the acquisitions editor is the woman he needs to impress And Meredith is more than willing to let him work at it Find out what happens when Robin's tender heart and wisdom make every one of her books poignant and unforgettable Her storytelling is a breath of fresh air Karen Kingsbury New York Times bestselling author
