4 of 4 review helpful Good for being good By charles I must admit to a bias i abhor playing evil characters I also abhor the tenancy to see good characters as stupid zealots So my expectations on a book on aasimars was pretty big

With multitude of good aligned outsiders it makes sense to have different types of aasimars So that was my primary hope for this book I am pleased to report there are six new types of aasimars who are idolized and adored but also regarded with jealousy and envy the aasimars of Golarion count among their ancestors the greatest forces of good throughout the Great Beyond They are the descendants of majestic angels beatific celestials and mysterious but kindly outsiders who have long sought to guide and protect the mortal realm Yet merely having the blood of angels in your veins does not guarantee security in life nor does it ensure a kindly soul
